

# Membership of CASEUS MONTANUS

CASEUS MONTANUS is working on projects aimed at bringing consumers and producers of mountain cheese closer together and strengthening mutual confidence. CASEUS MONTANUS deserves your support, too.

Individuals or institutions of any nationality who are involved in protecting, producing, selling or promoting mountain cheese can become members of the association.

Our further aims are:

- 1 Promoting product quality and public awareness
- 2 Organising competitions to enhance the status of the different types of cheese
- 3 Organising research and training
- 4 Promoting the recognition of a brand which helps in the identification of mountain cheese types

## Many thanks for becoming a member of CASEUS MONTANUS!
